Inspired by the rich spice traditions of India, Red Admiral Cardamom Bliss Vodka brings the distinctive character of cardamom to our crisp and clean vodka. Our signature Red Admiral Vodka is naturally infused with Cardamom pods. The Result is a beautifully aromatic vodka that captures the true character of the spice while maintaining the smooth, clean profile of our vodka.

Cardamom is known for its complex and refreshing character. Its aroma is naturally floral, citrusy and gently herbal, while its palate offers a subtle warmth with hints of fresh spice and a lingering, refreshing finish.
